Summary

Strong knowledge of Data Structures & Algorithms, full-stack MERN development, and core Computer Science fundamentals. Skilled in problem-solving and building efficient, scalable software applications.

Education

Chavara English medium shahada SSC Maharashtra	2021 67.40%
SJMSM's Arts & Commerce Sr.& Jr. College, Khapar HSC Maharashtra	2021 - 2023 79.80%
VIT Bhopal University , Bhopal Btech - computer science specialization In Artificial intelligence and Machine Learning	2023 - 2027

Skills

Languages: Python, C++, JavaScript, TypeScript, Java, Kotlin

Frontend: React.js, Next.js, Tailwind CSS, Bootstrap , Shadcn

Backend: Node.js, Express.js, Nest.js, REST APIs, GraphQL

Databases & Cloud: PostgreSQL, MongoDB, Firebase, AWS, SQL

Tools & Testing: Postman, Jest, Git

Core Concepts: Data Structures & Algorithms, OOPs, DBMS, Operating Systems, Computer Networks

Projects

Stack-Board : Developed a full-stack Scrum board application with JWT authentication and drag-and-drop functionality using the MERN stack (MongoDB, Express, React, Node.js), Mongoose, and Shadcn/ui.

Attendance Tracker: Designed and built an interactive attendance tracker that records class presence, calculates percentage, and visually indicates status using a color-coded alert system, developed with JavaScript, HTML, and Tailwind CSS.

Secure User Authentication System: Developed a full-stack web application with a complete Firebase Authentication system, implementing secure user registration, login, logout, and password reset functionality, and protecting routes based on user state.

SkillsSphere: Developed a full-stack course platform using Next.js where creators can publish courses and users can purchase and access content. Integrated Razorpay payments, BetterAuth authentication, and protected user dashboards.

Achievements / CERTIFICATION

- [Leetcode solved problems 512+](#)
- [Coursera course of Applied Machine Learning in Python](#)
- [Published AI Research on a dental appointment system in an international journal](#)
- [Udemy Certificate in C++](#)
- [Google IT Support](#)

HOBBIES & INTERESTS

Personal interests include playing cricket, watching films, and exploring technology and industry-related podcasts.
